IMPORTANT PRODUCT SAFETY WARNING

[REDACTED]
Watertown, SD 57201

Dear Customer,

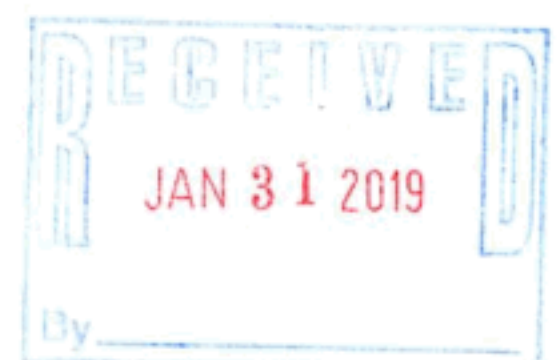

We are writing to you regarding your purchase of the Copper Chef 10-Piece Ceramic-Tech Nonstick Cookware Set (K46277), which includes two magnetic silicone trivets.

The trivets contain small powerful magnets encased on the underside of the trivet (pictured on reverse side). If swallowed, magnets can stick together across intestines causing serious infections and death. The trivets are not toys and should be kept out of the reach of children. Please seek medical attention immediately if magnets are swallowed or inhaled.

If you have questions, please call QVC Customer Service at 800.367.9444 between 7a.m. and 1a.m. Eastern Time, seven days a week.

Best regards,

Lisa Norden
